

Greetings,

🚀 This month, we've been busy **crafting exciting new features for the Digimaker coding platform** alongside wrapping up the **Makers-Jam our premier showcase coding event** and plenty more ✨

---

We're excited to share some fun updates coming in 2026! We've introduced a new points system - **DIGIDOTS**, where students earn points as they complete their weekly tasks. We've also added the **Monthly Challenge competition**, within the platform giving students an opportunity to earn extra points while strengthening the skills they're already developing.
